SAFEGUARDING and promoting the welfare and well being of our students is a collective responsibility here at Charterhouse Lagos. We define safeguarding as proactively protecting our children in every aspect of their emotional, intellectual, physical and moral development and welfare.

OUR PRACTICES are fully informed by these principles and examples include:

- 1** All adults working at the school are trained 
- 2** The needs of every individual student are supported and we recognise that some students are more vulnerable than others 
- 3** Safeguarding is proactively delivered through the school curriculum 
- 4** We always use Safer Recruitment 
- 5** Safe reporting is a key aspect of our school culture 

COMBINING a rich historic legacy with a contemporary vision, Charterhouse Lagos sets a new standard of premium independent education for Nigeria and West Africa. Our sister school, Charterhouse UK's long-standing tradition of academic excellence and leadership in education extends all the way back to 1611.

Charterhouse Lagos combines this rich legacy with a modern, forward-thinking approach to education, incorporating cutting-edge technology and evidence informed teaching methods with teacher professional learning that is tailored to the needs of today's global students.

Charterhouse Lagos celebrates and integrates Nigerian and broader African cultural traditions into its curriculum and school life. We will create educational and social partnerships with our local communities that “scale walls” and allow our Creativity, Activity and Service (CAS) programmes to become sustainable and real in the life of everyone.

Our Campus

Our Campus located at Ogombo Road, Ajah - a truly world class environment that embodies the quality of premium British Independent education in the heart of Nigeria and West Africa. It is both Visionary in design and thinking, and our 21st-century facilities includes an standard basketball arena, a state of the art auditorium and professional theatre, a full sized 400m outdoor athletic track, Full sized Football pitch and specialist STEM, Science and ART rooms that offer world class space, equipment and technologies.

We are delighted that our campus breaks new ground for this part of the African continent and other key facilities include:

Primary School

Secondary School

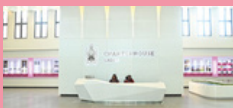

High School

Art Room

Sports and Wellness Facilities

Welcome Centre

STEM Room

Lecture Theatre

Our Curriculum

Key Stage 3: Years 7-9

At Charterhouse Lagos, we place significant emphasis on developing the whole student through a broad and enriching secondary education experience. Our curriculum follows a bespoke English National Curriculum in Key Stage 3, including Maths, English, Science, Humanities, French and Mandarin. This is enhanced with a dynamic blend of STEM subjects, World and African Literature, Physical Education, and Swimming, alongside an innovative Personal, Social, Health, and Education (PSHE) scheme of learning.

Additionally, our Charterhouse CAS programme from Years 7-13—encompassing Creativity, Activity, and Service—will foster sustainable partnerships with our local community to encourage our students to explore their passions, engage in meaningful activities, and contribute positively to their communities, thereby preparing them for global citizenship and lifelong learning.

Key Stage 4: Year 10 and Year 11

In KS4 our students will prepare to sit GCSE / IGCSE examinations at the end of Year 11, before transition into the Sixth Form and Years 12 and 13. Subject options available to study in KS4 will include English Literature, English Language, Maths and Further Maths, Physics, Biology and Chemistry, History and Geography, French and Mandarin.

Our students at Key Stage 4 will also engage with our Careers and Higher Education Guidance team in order to tailor their academic paths to their dreams and motivations and look at coherence and progression from Key Stage 4 to Sixth Form and aspirational best-fit university destinations.

Sixth Form / Key Stage 5: Year 12 and Year 13

At Charterhouse Lagos, we focus on supporting students in Years 12 and 13 to excel in their A Levels while actively preparing them for prestigious best fit universities in the UK, US, Canada, and Europe. Subject options will include English Literature, Maths and Further Maths, Physics, Biology and Chemistry and French, History and Geography.

Our supportive Careers and Higher Education Guidance Team will work closely with students to tailor their academic paths to their aspirations, ensuring a personalised approach. We also offer enriching leadership opportunities through our student council, helping students develop both academically and personally, and fostering a vibrant, goal-oriented community.

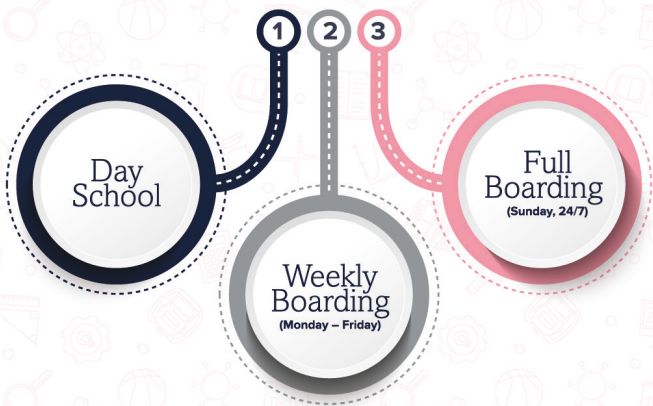

Extra Curricular Activities (ECAs) In alignment with our commitment to nurturing well-rounded individuals,

Charterhouse Lagos offers a diverse range of Extra-Curricular Activities (ECAs) for all Secondary students. These are designed to enrich students' educational journeys, and students can engage in activities such as Model United Nations, Debating, Sports, Drama and Theatre, Duke of Edinburgh's Award and Music. We believe that active participation in these enriching activities helps build a comprehensive personal profile, helping prepare our students for a successful and positive future.

Our Boarding

"Boarding at Charterhouse Lagos where every student finds a second home" At Charterhouse Lagos, we proudly extend the rich tradition of boarding excellence established at Charterhouse UK to our new campus. Our commitment is to offer a high-quality boarding experience in a nurturing and secure environment. Our dedicated boarding staff, experienced in both education and pastoral care, focus on the holistic development of each student, supporting their physical, emotional, and academic growth. By fostering independence and encouraging personal exploration, we ensure that every boarder feels truly at home while embracing new opportunities and broadening their horizons.
